

# 'Learning, Sports & Friends' Summer Camp

Address: 112 Center Street, Garwood \* 10 North Road, Warren \* 115 E. Grove St. Westfield Phone: 908-301-6168 Web: SpringAcademyUS.com

Spring Academy Summer Camp is famous for its high-quality academic summer classes and fun-filled enrichments! This year we are adding a series of **EXCITING** Technology classes into our program!

## Highlights:

- ① Our summer camp provides great value to students and families by combining two or more camp programs!
- ① State-of-the-Art newly renovated Space!
- ① Effective preview academic classes for the next academic year, for Grades 1-12!
- ① Onsite enrichment classes including Arts, Music, Kung Fu, Yoga, and Baking!
- ① Newly added: STEAM classes - Computer Coding and Robotics! Science experiments! Middle School and High School Math and Science classes, and much more!

**How Camp Works:** Our School Age Summer Camp is split into two programs:

**Camp for children in Grades 1 to 8:** Our day camp features academics and enrichment programs to ensure your child not only has an enjoyable time, but also takes advantage of the summer break to preview knowledge for the next academic year so they are well prepared. Students enjoy arts & crafts, games, participate in many sports activities and enrichment classes (see descriptions below). On Fridays, campers will go on field trips and engage in other fun activities.

Students will be grouped by grade level and follow the schedule below:

### Monday through Thursday

9:00AM to 12:00PM - academic classes (1 hour English + 1 hour Math + 1 hour Chinese)

1:00PM to 5:00PM - sports/enrichment activities

5:00PM to 6:00PM - free play, pick-up time. Could be extended to 6:30PM if needed.

Friday - Full day field trip

**COURSE DESCRIPTIONS:** Pick & choose courses below! All included in one low camp fee!

# 'Learning, Sports & Friends' Summer Camp

**English Reading & Writing Workshops:** In a workshop format, this class will enhance students' skills in literary analysis, critical thinking, and reading comprehension. It will enable them to become better close readers and better able to interpret author's intent. Moreover, it will improve students' understanding of writing styles for each genre, apply their close-reading skills toward analyzing context, and develop a series of writing strategies to help improve their writing abilities. **Reading materials will include:** U.S. and World Literature, History, Science, Social Studies, Social Science, and a United States founding document or text in the *Great Global Conversation*. Each week will cover one passage. This course will train students to be familiar with the SAT Reading subject materials from a very early age. Class will be taught by a Certified, top-notch ELA teacher who will make this an enjoyable class while empowering students to be better readers and writers!

**Math:** Spring Academy will be utilizing **Problem Solving Series** as the math materials for elementary school students as well as middle school students if needed. **Singapore Math** is a great way to target students' weakness areas and is aligned with standardized testing by incorporating problem solving questions. Middle School and High School students will also have the option of taking classes on subject Math such as PreAlgebra, Algebra, Geometry, Algebra II, Pre-Calculus, etc. These are great preview classes for the upcoming academic year. Past students reported that these preview classes greatly eased their academic pressure given their busy schedule in the school year. In addition, we also offer Olympiad Math for those students who want to be on a competitive track!

**Chinese:** Students will enjoy Chinese-themed study program this summer. Each week will focus on one dynasty; discuss famous stories, clothes, culture, etc about the specific dynasty. Students will have the opportunity to watch some short videos to gain interest on Chinese learning. Chinese characters learning as well as arts & crafts activities will be built into each class.

**Sports/Enrichments (Fee included in the camp fee. Add great value to our camp!)**

Besides the academic classes, a variety of sports and enrichment classes will be offered to our campers! This includes exercise classes in our gym ensuring a healthy body and mind 😊

**Swimming and tennis will be added in Camp 2019.**
